ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. KOLBE) (during the vote). Members are reminded that there are 2 minutes remaining on this vote.

□ 1836 So (two-thirds having voted in favor thereof) the rules were suspended and the resolution, as amended, was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 1114

Mr. KIRK. Mr. Speaker, I ask unanimous consent that the gentleman from Rhode Island (Mr. KENNEDY) be removed as a cosponsor of H.R. 1114.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Illinois?

There was no objection.

MEDIA ACCOUNTABILITY

(Mr. STEARNS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STEARNS. Mr. Speaker, recent media interviews, both print and television, have subjected our young troops to questions which in my mind have no business being posed days before possible military action. These interviews are asking questions regarding fratricide, combat deaths, chemical or biological weapons, "personal demons," and "bloody urban fighting." As many of us in the House are veterans, we know the sacrifices that come with service, including the loss of life. Our troops and their commanders know they must focus on the task assigned and the mission objective that must be completed. I believe that focus can be hindered when certain media personalities continue to dredge up these feelings purely for national coverage. We must be mindful that reporting facts is quite different from generating an emotional story for rating purposes.

Today's media has a tremendous amount of access, much more so than they did in Desert Storm. There are 600 journalists embedded in our military operations. I ask that the media let our troops focus on the mission at hand and let them do their job and return home safely.

Mr. Speaker, recent media interviews both print and television have subjected our young troops to questions, which in my mind, have no business being posed days before possible military action.

These interviews are asking questions regarding fratricide, combat deaths, chemical or biological weapons, "personal demons," and "bloody urban fighting." As many of us in the House are veterans, we know the sacrifices that come with service, including the loss of life.

Our troops and their commanders know they must focus on the tasks assigned and the

mission objectives that must be completed. I believe that focus can be hindered when certain media personalities continue to dredge up these feelings purely for national coverage.

Let me state that I do not advocate censorship. I do advocate common sense. Providing media access to our troops is necessary to assist in providing accurate information for the American public and to counter false propaganda from other sources seeking to undermine our objectives.

However, we must be mindful that reporting facts is quite different from generating an emotional story for ratings purposes. Today's media has a tremendous amount of access—much more so than during Desert Storm in 1991. There are 600 journalists embedded in our military operations. With that access comes responsibility . . . responsibility to the troops, their families and the public. I ask that the media let our troops focus on the mission at hand, let them do their job and return safely home.

SPECIAL ORDERS

The SPEAKER pro tempore (Mr. BONNER). Under the Speaker's announced policy of January 7, 2003, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

EXTENDING STATUTE OF LIMITATIONS FOR AUTISM VICTIMS

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Indiana (Mr. BURTON) is recognized for 5 minutes.

Mr. BURTON of Indiana. Mr. Speaker, it used to be that one child in 10,000 was autistic. Now it is one in 200. We have had a 50-fold increase in the number of children that are autistic in this country. It is an absolute epidemic.

One of the causes, according to leading scientists around the world, is the mercury that was in children's vaccines. Mercury, can we believe that, being in a child's vaccine? It is toxic to the brain, it causes neurological disorders, and yet we have been using it as a preservative for years and years and years.

One of the things that I am very concerned about is that many of the parents who have autistic children missed the 3-year statute of limitations to file for money to help with their child's damaged brain because they did not even know their child was damaged by mercury, and the thimerosal in these vaccines until the 3-year statute of limitations had expired.

Now, there has been legislation proposed at various times, especially last year in the homeland security bill, which would have eliminated any possibility of those people going to court to get satisfaction for their child's damaged brain. Their child is ruined for life, and they cannot get into the Vaccine Injury Compensation Fund, so there is no recourse.

Mr. Speaker, there is legislation that I have sponsored this year and legislation that Senator FRIST has sponsored
